Module 6 Assessment | Devmountain Foundations

Test Criteria:

- Bots are listed when clicking the "See All Bots" button.
- The count of Wins and Losses starts at 0 when the app starts.
- "Draw" button displays 5 random bots to choose from.
- Bots' cards display their image, name, health, attack 1, and attack 2 information.
- "Add to Duo" button lets you pick that bot.
- Only two bots can be chosen to play.
- "Remove from Duo" button removes the bot from Your Duo.
- "Duel!" button provides a win or loss result, Your Duo, and the Computer Duo.
- The calculation of Your Duo and the Computer Duo's health and attacks is done correctly.
- The Wins or Losses count is displayed correctly after providing the result.
- "Play again!" button displays the "Draw" button to play again.
- Buttons' animations are displayed when hovering.
- The website matches the provided design.
- All words are spelled correctly.

Entry Criteria:

- Test criteria provided.
- Running version of the app provided for testing.
- Computer for testing.

Exit Criteria:

- All high-priority tests have passed.
- The allotted time of 5 testing hours has been completed.

Other Details:

- It should run on any modern browser and be fully functional. It should also be reasonably styled.
- Chrome is the recommended browser.
